

COMPACTOR/LOADER WARRANTY

For: _____

SP Industries warrants each new compactor and loader to be free from defects in material and workmanship as follows:

- * Ram and Frame Weldment - Three (3) Years
- * Hydraulic and Electrical Equipment - One (1) Year

This warranty is in effect from the date of shipment and is limited to replacement of any defective part and/or materials as determined by SP Industries, Inc. Warranty reimbursement shall include labor necessary to replace defective parts and material at the flat rate schedule provided in the master warranty booklet. This warranty excludes any obligation by SP Industries for the cost of any transportation, damages, or any other cost resulting from the replacement or rework in excess of this standard warranty reimbursement program as described in the master warranty. This warranty shall not apply to any equipment which has been subject to misuse, negligence, or any modification made without written approval or made by SP Industries factory personnel.

SP Industries neither assumes nor authorizes anyone to assume any other obligation or liability in connection with such equipment. This warranty excludes any obligation by SP Industries for loss of product, down time, or any other incidental or consequential damage incurred at any time.

This warranty is the only warranty applicable to equipment manufactured by SP Industries and is expressly in lieu of all other warranties, expressed or implied, including any implied warranty of merchantability of fitness for a particular purpose.

Full details, rate schedules, and information may be found in the Master Warranty document provided by SP Industries, Inc. Please consult the Master Warranty for complete details.
